ksha) I was shocked (!) to know and visit
such an institution trying to follow the
spirit of M. Gandhian Philosophy. I am surprised
that such an institution can exist in
the Commercial environment - and trying to
be unique. I hope it can become a
role-model for other schools/colleges in this
city. I wish the institution would achieve
the glory following the M. Gandhian principles.

We have an occasion to visit
this renowned educational complex
catering quality education in Educa-
Faculty.
Teachers are very much
committed and innovative. Many
student centric activities are
planned and rigorously implemented.
This college is doing a very
good job of training quality future
teachers.

This institution is committed for advanced value education & Gandhian thought. The all the teachers & principal are rendering their services for benefit of educationally disadvantaged groups. All the teachers have developed their character by all the means. Within few days definitely this institution will achieve the great heights. I wish most success to this institution.
